# AIR SUPPLY LOADING CART

Where Innovation Meets Reliability

Part Number: 30-00108

## SPECIFICATIONS

- Lightweight Aluminum Construction**  
Corrosion-resistant aluminum body keeps the cart light for easy handling while providing the strength needed for demanding airside use.
- Formed One-Piece Body with Reinforced Base**  
The cart's sides and back are fabricated from a single bent aluminum panel, reducing seams and increasing structural integrity. A reinforced base is welded to the frame for added strength and durability under heavy loads.
- Three-Shelf Layout with Optional Open Design**  
Available with a standard three-shelf configuration or an open-frame option, providing flexibility to match your workflow.
- Standard Carrier Compatibility**  
Sized to fit 16" L x 11.25" H x 11.5" D aircraft storage containers, making it ideal for catering services and onboard aircraft restocking.
- Multiple Size Options**  
Offered in 12-unit, 16-unit, and 20-unit models to suit a variety of operational demands.
- Rubber-Coated Swivel Casters (Two Locking)**  
Smooth-gliding swivel casters make maneuvering easy, while two locking casters secure the cart during loading or transport.
- Dual Push Handles**  
Tubular aluminum handles on both ends give operators full directional control, whether on the ramp or in tight catering spaces.
- Up to 1,100 lb Load Capacity**  
Built to carry heavy loads of carriers or supplies without compromising balance, structure, or mobility.
