SERVICE TRUCK

Where Innovation Meets Reliability

SPECIFICATIONS

- **Marine Grade Aluminum**
Provides a durable and corrosion-resistant structure, ensuring long-lasting performance in challenging airport environments.
- **Non-Slip Knurled Plank Flooring**
Ensures safety during operations, reducing the risk of slips and falls in wet or icy conditions.
- **Customizable Shelving and Drawer Options**
Offers tailored storage solutions for tools, equipment, and supplies, maximizing efficiency and organization.
- **3-Point Locks & Master Foreman's Locking System**
Enhances security for compartments, protecting valuable tools and equipment.
- **Sliding Tops & Covered Walk-In Loadspace Areas**
Offers weather protection and easy access to interior storage, enhancing operational versatility.
- **LED Strobe Lights, Flood Lights, and Compartment Lighting**
Increases visibility and safety during operations, especially in low-light or night conditions.
- **16,000 lb. Trailer Hitches and Towing Accessories**
Enables secure towing of additional equipment, expanding operational capabilities.
- **Rear Liftgates**
Provide easy loading and unloading of equipment, enhancing productivity.
- **Top Walking Platform**
Provides safe access and convenience for personnel while performing aircraft maintenance tasks, with included harness tie-off locations for enhanced safety.
- **Available for Custom Configurations**
Provides flexibility to adapt the truck to meet specific airline or airport requirements.
