TRANSFER RAMPS

Where Innovation Meets Reliability

Part Number : 30-00077

SPECIFICATIONS

- **Heavy-Duty Lightweight Aluminum**

Built to withstand rigorous use while remaining lightweight at only 32 lbs.

- **Non-Slip Surface**

Ensures secure footing for personnel and equipment, even in wet or slippery conditions.

- **Raised Sides with Grab Handles**

Multiple grab handles make it easy to move and position the ramp into place quickly and safely.

- **Rubber-Coated Base**

Protects vehicle and aircraft sills from damage while preventing movement during use.

- **Compact and Portable**

Lightweight design allows for easy transport and storage when not in use.

- **800 lb Capacity**

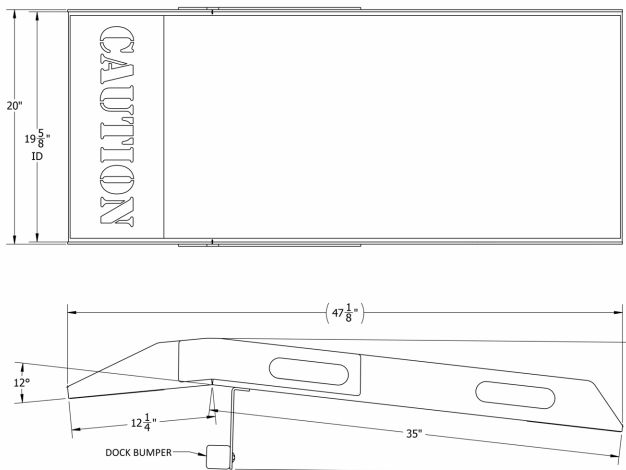

Engineered to handle heavy loads, making it ideal for transferring supplies onto aircraft.

- **Corrosion-Resistant Material**

Durable aluminum resists rust and corrosion, ensuring long-term performance in demanding environments.

- **Wide Compatibility**

Suitable for use with a variety of vehicles and aircraft, offering flexibility for ground support operations.
